TPH ACADEMY IMPACT REPORT

ADVANCING - IN AND BEYOND THE GAME -
THE NEXT GENERATION OF IMPACT PLAYERS

PRESENTED BY  LEAGUEAPPS

23-24 IMPACT PLAYERS OF THE YEAR

MIKEY TATE ★ MARIE COLPEAN ★ BRODY MCCLAIN ★ TAYLOR VAN DE VEN ★ KESLIE MUSTACCHIO

A MESSAGE FROM TEAM TPH

At TPH Academy, we make a **3-Pillar Brand Promise**, and throughout the 2023-2024 academy year, we loved to see how that promise connected with our student-athletes and families.

We promise **PARTNERSHIP**, confirmed by the fact that mentorship is most often cited in our annual feedback surveys as to what families truly value about the TPH Academy experience.

We promise **COMMUNITY**, emphasizing both breadth and depth and seeing our 2023-24 Holiday Food Drive set a TPH record of 21,000 lbs donated.

We promise **GROWTH**, demonstrated by the ownership our student-athletes take in their development, generating results such as a 16% and 17% average increase in lower and upper body power, respectively, a 40% increase in shot accuracy, and a 4x increase in speed with versus without the puck.

We believe that these three pillars encompass not only what families place their trust in us to deliver, but also vital tenants on the student-athlete journey to becoming - and living out each day as - **Impact Players**.

These young men and women's **development** across our pillars no doubt contributed to their **advancement**, seeing a TPH Academy record 56(!) current athletes advance from AA to AAA competition, 41 advance to junior leagues, 34 commit to the college athletic ranks, and yet another NHL draft pick.

We ask, "**What will your IMPACT be?**" We put this question on the walls of our campuses to ignite a vision and associated sense of purpose for every student-athlete. We hope these young people will carry this question with them long after their time with us at TPH Academy.

But in the moment, we celebrate what an absolutely outstanding year of partnership, community, and growth **earned** by over 800 student-athletes across our TPH Academy and Powered by TPH campuses, in addition to our TPH Virtual platform.

We hope that you will enjoy reading and learning about the achievements of this incredible group of inspiring young people, and we say **THANK YOU** to everyone who helps us create environments and facilitate experiences for the **next generation of impact players**.

Yours in Student-Athlete Development and Advancement,

#TEAMTPH

A proud partner of TPH Academy since 2018.

Powering NHL Learn To Play, Total Package Hockey, and thousands of other leading youth sports programs with millions of athletes nationwide, LeagueApps understands the challenges of youth sports better than anyone else.

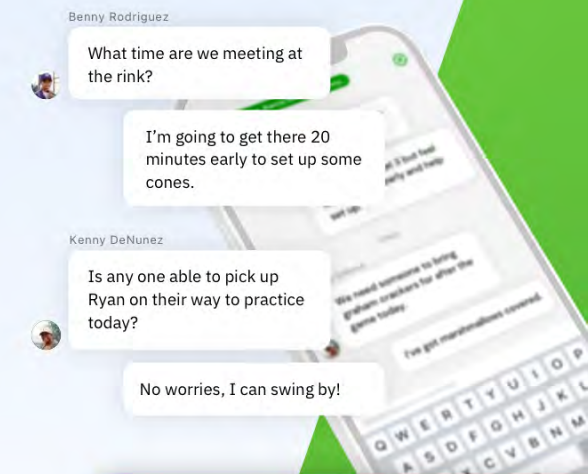

“The customer service we get, the help we get, and the platform itself – the things we’re going to be able to do to get our message out to the masses better and more coherently, we’ve got to credit LeagueApps for that and we’re really fortunate to be partners.”

Francis Anzalone | Chief Operating Officer, TPH National Team

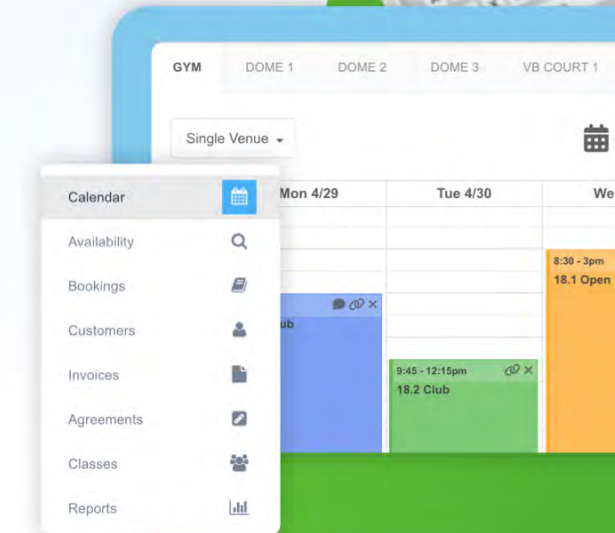

Stay Connected

Stay updated with chats, staff announcements, and push notifications on our ad-free, 4.3 star mobile app. It also brings team schedules, rosters, standings, RSVPs, check-ins, and communications into the palm of your hand—because that’s where you do everything else.

Save Time

You’re busy enough—sports shouldn’t add to that. Our easy-to-use platform saves you time with registrations and payments, communications, scheduling, booking spaces, and more.

Set Players up for Success

Athletes thrive when playing in an organization that runs on LeagueApps because we’re at the cutting-edge of youth sports. We even host an annual industry conference for youth sports organizers (the only one of its kind) so they can better their organizations.

“We’ve been in partnership with LeagueApps since 2018 and in that time we’ve doubled our market presence from 16 US markets to 31. When we came on board we had 6 centers of excellence – we now have 19. We’re at a little over 45,000 webpage views a month, and that’s up substantially from before our time in partnership with LeagueApps, so having [them] as a partner has benefited us in so many ways.”

Make Sports Happen.

WHERE ASPIRING-ELITE STUDENT-ATHLETES *STUDY-TRAIN-PLAY*

TPH Academy is an **academy-style, focused environment** where dedicated student-athletes **Study, Train, and Play** to their fullest potential. Our environment combines a **proven, accredited, blended academic learning program** with **innovative, hands-on, sport specific training and instruction**, as well as an **individualized, customized, NCAA-accredited, mastery-based education program** with a focus on **mentorship** and opportunities for **personal development**. We believe in a holistic approach and recognize that our greatest responsibility is to prepare our student-athletes for success in the ultimate game: **the game of life**.

“My daughter, Aurora, attended TPH Denver this year. It has been the most beneficial and successful year of her academic career, and **I could not recommend TPH more highly**. Aurora plays AAA hockey with Team Colorado and our lives certainly rotate around the sport, however, hockey was actually not our first reason for choosing TPH. Our top priorities are listed below, in order of priority:

- A healthy and fun school environment
- Rigorous and engaging academics
- Improvement in hockey skills and knowledge
- TPH was a home run in all three categories. We love it...”

Brian Hussey, Parent of Aurora
TPH ACADEMY DENVER

TPH’S PURPOSE IS TO LEAD THE WORLD IN THE **HOLISTIC DEVELOPMENT OF STUDENT-ATHLETES,** ADVANCING - IN AND BEYOND THE GAME - THE NEXT GENERATION OF **IMPACT PLAYERS**

92%

OF TPH ACADEMY FAMILIES ARE LIKELY-
VERY LIKELY TO REFER A FRIEND OR
FAMILY MEMBER TO TPH ACADEMY

WHY FAMILIES CHOOSE TPH:

FLEXIBILITY

Our student-athletes are empowered to pursue their academic, athletic, and life goals all at once, with no fear of missing school days and falling behind in their studies.

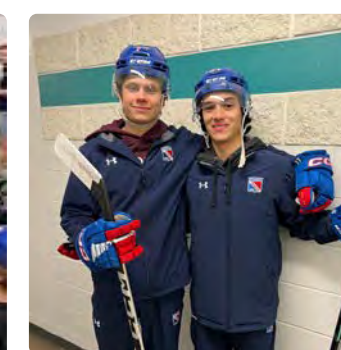

CUSTOMIZATION

We tailor our athletic and academic development model to each student-athlete. Much of the daily experience is shaped by when, where, and how your student-athlete studies, trains, and plays.

DEVELOPMENT

Student-athletes learn from guest speakers, engage in social and real-world experiences, participate in community service projects, and develop executive functioning skills.

12+ SPORTS 18+ CAMPUSES 800+ STUDENT ATHLETES

“I highly recommend the **TPH Academy model** for individuals who value **flexibility**. The ability to learn and complete schoolwork from any location is invaluable. Moreover, I believe it **effectively prepares students for college**, given its resemblance to higher education formats, providing a **distinct advantage**...TPH Academy aligns seamlessly with our family's needs due to its **flexible schedule** and learning format... I cannot speak highly enough of the staff at TPH Academy...Their collective efforts have not only contributed to my son's **growth as an athlete but also as an exceptional individual** who excels in competitive environments and consistently strives for greatness.”

Melissa King, Parent
TPH ACADEMY NASHVILLE

STUDY

THE TPH ACADEMY ACADEMIC EXPERIENCE DELIVERS A TRUSTED, PROVEN, AND LEADING-EDGE LEARNING MODEL BUILT FOR THE ASPIRING ELITE STUDENT-ATHLETE OF TODAY. WE ARE FOCUSED ON PERSONALIZATION AND CUSTOMIZATION, PREPARING AND EMPOWERING STUDENT-ATHLETES FOR SUCCESS AS COLLEGE FRESHMEN AND BEYOND.

- ✓ NCAA COMPLIANT
- ✓ FULLY ACCREDITED
- ✓ 24/7 COURSE ACCESS
- ✓ AP, HONORS, AND FOREIGN LANGUAGES

- ✓ 150+ CORE COURSES
- ✓ ACT/SAT PREP COURSES
- ✓ 80+ ELECTIVES
- ✓ IN-PERSON ACADEMIC SUPPORT

ACCESSIBLE 24/7, INCLUDING THROUGHOUT TRAVEL FOR GAMES AND COMPETITION

Course progress, *pacing*, is actively supervised and optimized by our academic leaders in real time. Student-athletes are prepared to become independent, self-starting college freshmen through our mastery-based learning approach.

Courses and assignments are tailored to each individual student-athlete and are prioritized by the TPH academic team in partnership with the student-athlete. This is done with their weekly sports and competition schedule in mind.

The TPH Academy Blended Learning Environment is deliberately designed for aspiring-elite student-athletes, combining in-person learning guidance with the latest in educational technology and virtual academics.

AN ELITE EDUCATIONAL ENVIRONMENT

As academic and athletic training constantly evolve, it is crucial to provide student-athletes with the best possible learning and development environment. We create spaces and facilitate an environment that empowers all types of learners. Our space has everything student-athletes need to take ownership of their development.

The TPH blended, immersive learning environment pairs virtual, certified teacher-supported course content with in-person learning guidance from our Heads of Academics and Success Coaches.

TPH ACADEMY IS DEVELOPING THE NEXT GENERATION OF IMPACT PLAYERS

"...The on-ice and weight room training is simply outstanding. She's gotten stronger, faster, and smarter on the ice. Early on we saw her speed and stick handling improve, but by mid-season it really started to come together and we saw real strides in her game. We're excited to see this trend continue and where the game will take her..."

Brian Hussey, Father of Aurora
TPH ACADEMY DENVER

3 TESTING BENCHMARKS THROUGHOUT THE YEAR

- BASELINE:** Testing done within the first 30 days of the Academy Year
- MID-YEAR:** Testing done prior to the Academy Winter Break
- FINAL:** Testing done within 45 days of the end of the Academy year

TPH Academy Student-Athletes take part in **26 on and off ice tests** to make up one of the most comprehensive testing batteries in youth sports.

More than 100+ data points are collected and analyzed through each battery of tests to create **customized performance plans** for each athlete.

We **build benchmarks and track performance** so our student-athletes and coaches can see where TPH top performers stand and **build individualized training programs for improvement.**

PERFORMANCE DATA POWERED BY INDUSTRY-LEADING TECH

The TPH Development XCELERATOR app, powered by rippleworx, turns data into actions and results.

Hawkins Force Plate technology, trusted by the top sports leagues in the world, is used to collect and analyze **jump, weight, and power** data.

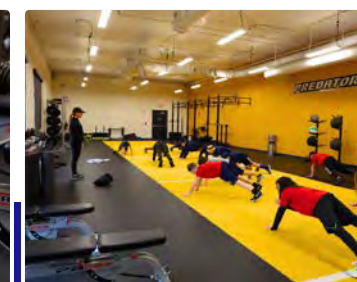

Swift Laser Gates are used to measure and analyze **reaction times, split times, and MPH speed** calculations in real time.

ATHLETE-COACH EVALUATIONS ALLOW FOR DIRECT FEEDBACK

Daily **training themes**, positive **active coaching**, innovative methods, and video analysis are utilized to accelerate each individual's **development** process and **advancement** to the highest levels.

BUILT FOR STUDENT-ATHLETES REGARDLESS OF SPORT

PLAY

A TPH ATHLETE POSSESSES THREE MAIN QUALITIES: OVERALL SKILL, SPORTS SENSE, AND COMPETITIVENESS. WE DEVELOP A PLAYER'S STRENGTH, SPEED, ATHLETICISM, AND ENDURANCE, TO CREATE AN ELITE TPH STUDENT-ATHLETE. TPH ACADEMY IS MULTI-SPORT AND WELCOMES ASPIRING ELITE STUDENT-ATHLETES FROM ANY CLUB, TEAM, OR ORGANIZATION.

Impact Players of the Year

Congratulations to TPH Academy's five Impact Players of the Year and 25 nominees!

Nominated and chosen by TPH leaders out of 800 student-athletes, our 2023-24 TPH Academy Impact Player of the Year award winners and nominees have gone above and beyond as students, athletes, teammates, classmates, and community members.

Congratulations and thank you for paving the way as the next generation of Impact Players!

Marie Colpean, 7th Grade – TPH Academy Grand Rapids (Hockey), Michigan, USA

Marie Colpean is a 4.0 student-athlete finishing seventh grade with Distinguished Honors. Marie excels in the classroom and never shies away from helping her classmates and teammates. Marie is known as an excellent mentor to younger student-athletes, and her teachers, coaches, classmates, and teammates recognize her energy on the ice and in the classroom. She works diligently at any task at hand, both academically and athletically.

Marie's hard work paid off this year. She assisted her FOX Motors 12U AAA team, which elevated from struggling at the start of the season to taking home Gold at the Michigan Tier 1 State Championship against top teams in the country. She led her team in points.

Off the ice, Marie is the lead in TPH Academy Grand Rapids community service events. In honor of a former teammate who lost her battle with cancer this year, Marie and her fellow TPH Grand Rapids female student-athletes raised money for Hockey Fights Cancer at Southside Ice Arena by making bracelets and T-shirts. Marie is recognized for her heart for others, commitment to her craft, and dedication in the classroom.

Brody McClaine, 10th Grade – Acceleration Sports Academy (Baseball) – Powered by TPH (Blaine, MN, USA)

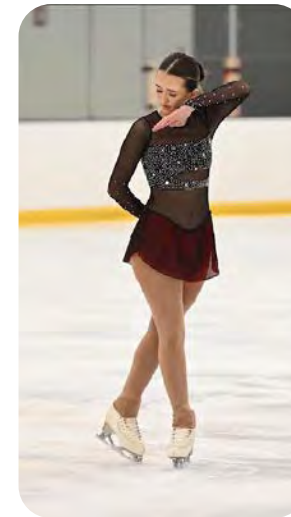

Brody McClaine is hardworking, focused, and motivated. He consistently sets personal goals for high academic achievement, and his outstanding work ethic has earned him a 4.0 GPA. He's pursued more Honors-level courses to continue to challenge himself academically as he enters the tenth grade.

Brody is a pitcher for the 15U Minnesota Icemen. Last summer, Brody accepted an invitation to join the Spectra National Team, which offers the opportunity to play against the top 15U baseball players in the country, and put up impressive pitching numbers, posting a 9.2IP, 3H, 0ER, 15K with a batting average against of .110.

Brody works hard to improve every aspect of his game, building strength, increasing his overall skill level and endurance, and taking a particular interest in how nutrition impacts his performance. He has inspired other student-athletes to implement new strategies as they observe his commitment to improvement. He has a contagious fire in him that raises the bar for his teammates.

Brody is a servant-leader. He assists younger athletes, demonstrating proper form and technique. He humbly makes himself accessible as he mentors his peers and is the first to step up to help out, whether through extra cleaning and organizing or personally showing around prospective student-athletes to make sure they feel comfortable and included. With the help of Brody's leadership and initiative, the academy was able to double their fall food drive goal, donating 122 pounds of food to a local food shelf. Brody's leadership and initiative in community service events showcases his heart for others.

Keslie Musctacchio, 10th Grade – TPH Academy Denver (Figure Skating), Colorado, USA

Keslie Musctacchio showcases hard work and perseverance on the ice, in the classroom, and in her every life. Facing a profound personal tragedy with the loss of her father at a young age, Keslie exhibits remarkable resilience and determination in all she does. Her journey of healing through figure skating is a testament to her strength of character.

Keslie recently landed her double loop and took home the gold in a Pre-Juvenile Spin Challenge, well as bronze medals in skating skills and free skate competitions. In addition to her participation as a Denver Colorado Figure Skating Club member, Keslie spends her time cultivating her passion for fly and aerospace. She is in the process of becoming a pilot and recently completed her touch-and-qualifications. She showed initiative and drive in her advocacy for herself, working with staff to receive credit for her pilot and aerospace classes.

Keslie is a compassionate and responsible community mentor, particularly amongst her fellow figure skating classmates and via her leadership of one of Denver's mentorship "buddies" groups and involvement in the Angel Tree project. She and her mother operate Grief Wear, honoring lost loved ones through apparel and The Mustacchio Grief Foundation, which provides support to those who have experienced loss via non-traditional services such as vacations, tutors, sports and extracurricular fees, headstones, and art supplies for local inpatient mental health facilities. Keslie's commitment to helping others walk through grief is a testament to her strength and leadership.

TPH is proud to honor Keslie's hard work, determination, and resilience.

Mikey Tate, 11th Grade – TPH Academy Detroit (Hockey), Michigan, USA

TPH Academy Detroit's Mikey Tate is a dedicated and enthusiastic learner both on and off the ice. He has the highest attendance of any student-athlete, was awarded both the Detroit Academic and Athletic Impact Player of the Month awards, and has earned himself a 4.0 GPA.

When Mikey's 16U AAA team needed a defenseman, he pivoted from being a forward to playing defense the first time in two years, making a sacrifice for the betterment of the team – and ended up being one of the best defensemen on the team. His humble leadership is also evident in his mentorship of the younger student-athletes. He co-leads the Big Brother / Little Brother program and enjoys connecting with younger athletes to help them feel more confident and comfortable.

Mikey is described as "the definition of lead by example." He helps coach his dad's 2013 team and is consistently called upon at TPH Detroit to demonstrate drills for those who are struggling. Student-athletes look up to Mikey for his pursuit of excellence in everything he does, his commitment to constant improvement, and his enjoyment of the hard work he puts in at the gym and on the ice.

He has actively participated in every community service event this year. He is highly coachable and truly embodies the "TPH Way."

Taylor Van De Ven, 8th Grade – TPH Academy London (Hockey), Ontario, Canada

Taylor Van De Ven is a self-directed, driven, and focused student-athlete. Early in the academic year, he set a goal to complete all of the grade 8 curriculum by April. Not only has he done so without sacrificing quality work along the way, but he is well-positioned to complete one to two grade 9 credits before the current school year ends. His time management skills are beyond his years, and he holds himself accountable for achieving his goals.

Taylor has set the bar high for what is to be expected of students in the classroom, and he has positively influenced others to follow his lead.

A respected teammate on a local AAA team, Taylor has become a key member, particularly in the playoffs as he helped to upset a higher-ranked team. Taylor's development in his game this season has led to multiple AAA teams encouraging him to try out with them.

Taylor leads his fellow classmates through his work ethic and servant leadership. From helping lead an Orange Shirt Day campaign to emphasize that every child matters, to being a key contributor in the holiday food drive and gift-giving program, to helping prepare TPH Academy London Elementary students for a competitive gymnastics meet, Taylor has organically become a leader amongst his peers.

His work ethic and standard of professionalism are contagious across the Academy and have made

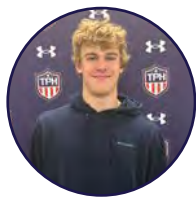

2023-2024 Impact Player Award Nominees

Ernesto Acosta - Ft. Lauderdale, FL
Ernesto has shown consistent academic and athletic growth over the past three years, whether it was through his Honors classes and 4.0 GPA or his development from A to AAA. When Ernesto is not spending his time recruiting new student-athletes to attend TPH Academy, he is involved with the National Junior Honor Society, where he participates in community initiatives and service projects.

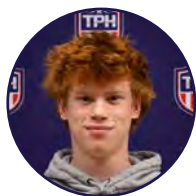

Logan Anderson - Estero, FL
Logan, who was recently named the February Impact Player of the Month, is recognized for his performance as the leading scorer on his Tier 1 Elite 2009 Alliance team, his impressive adjustment from private school to virtual learning, and his leadership as a mentor to the younger student-athletes, working hard in the gym, on the ice, and in the classroom.

Brady Anes - Grand Rapids, MI
Brady, finishing off the academic year with Distinct Honors and a 4.0 GPA and having signed a tender agreement with the Odessa Jackalopes (NAHL) in November 2023, is the Captain of his 18U AAA Fox Motors team, a role model in the classroom, an active participant in community service events, and a leader of the TPH Academy Grand Rapids mentorship program.

Hayden Bicknese - St. Louis, MO
A multisport student-athlete, Hayden excels academically, despite his rigorous travel schedule. Hayden is viewed by peers as a well-respected member of TPH St. Louis and a leader - from how he carries himself to the hard work he puts in on the ice and on the track, in the gym, and in the classroom.

Max Bjorkman - Nashville, TN
Max is a dedicated leader in the classroom, setting a solid example of hard work and commitment to both academics and extracurricular activities. Despite having missed 16 games due to injury, Max led his team in points and was chosen to represent TPH at the OHL Cup.

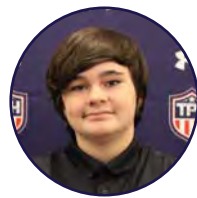

Nick Bogas - Detroit, MI
Nick is a respectful, detailed, personable member of the TPH Detroit community, whose strong work ethic sets an example for the other student-athletes. He was named to the TPH OHL Cup team this year, he is a leader of the Big Brother Program, and he has participated in every TPH Detroit community service event this year.

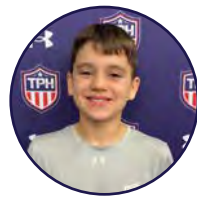

Aiden Hogan - Acceleration Sports Academy, MN
Aidan, recognized by his peers and the staff in Plymouth as their own "Player of the Year" last year, is a leader on and off the ice, consistently giving it his all, showing up to lend a hand, and welcoming prospective student-athletes when they visit the Academy.

Dylan Horton - Fort Lauderdale, FL
Dylan is a fantastic mentor to the younger student-athletes and is undoubtedly a hard-working and highly disciplined individual, on and off the ice. He sets the bar high and is predicted to continue to excel in all areas - including a high likelihood of advancing to play at the AA or AAA level next season.

Gavin Hughes - Huntsville, AL
A respectful and dedicated student-athlete, Gavin exemplifies mentorship on and off the ice, unafraid to help others when asked and showcasing a strong work ethic that inspires his peers. His hard work has earned him a 4.0 GPA and has led him to develop and flourish as a hockey player, despite having just taken up the sport in the past year.

Kason Jones - Cincinnati, OH
Despite being one of the younger student-athletes at the Academy, Kason sets an example through his dedication to getting better every day, both in his game, in the gym, and in his schoolwork. He is eager to show up and participate, whether in group discussions or community service events, a testament to his well-roundedness.

Ava Jovan - Acceleration Sports Academy, MN
Breaking her school's record for total saves in the season (958), Ava was voted Captain of her team for next season, named MVP this year, and stood at #2 in the state for saves in the 2023-2024 season. She is a natural leader within the walls of the Academy, in the classroom and on the ice, always showing prospective female student-athletes around when they visit and consistently being a role model for the younger student-athletes. attitude that is infectious to everyone."

Nicholas Maffeo - Phoenix, AZ
Nick shows up every morning and greets the staff with a smile on his face and leaves the Academy the same way. He engages with the younger student-athletes, serving as a role model due to his hard work, humility, enthusiasm, and commitment to advancement on the ice and in the classroom.

Riley Michaud - Atlanta, GA
Riley is a stellar defenseman on her 14U AA boys team and doesn't miss a beat. She is committed to getting stronger every day, which is evident in her hard work on the ice and in the gym, and in her high performance in her high school courses.

Cruz Martin - St. Louis, MO
Cruz is committed to getting better, on the ice, in the gym, and in the classroom. A leader in the Big Brother program, student-athletes look up to him for his purposeful, intentional mindset in everything he does, his humility and kindness to classmates, coaches, and staff, and his true love for the game.

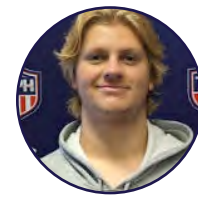

Remy Pusateri - Denver, CO
Remy has maintained a 4.0 or higher GPA since beginning high school, is the Assistant Captain of his Colorado Thunderbirds 18U AAA team, and recently signed an NAHL Tender with the Shreveport Mudbugs and was called up in March to play out the rest of the season. He is a role model to his fellow TPH Denver student-athletes, a mentor in the classroom, and a leader in the gym.

Avery Randall - Waterloo Region, ON
Avery has shown the drive and determination to get 1% better every day, pushing herself to grow academically and athletically, as evident in her impressive advancement on the ice. She is always on time and prepared for each session, both on and off the ice, leading by example in all that she does.

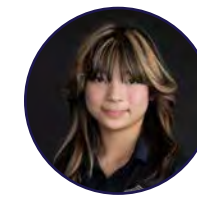

Isabella Reese - Nashville, TN
Bella is a patient and empathetic leader to all of the female TPH Academy Nashville student-athletes. She is a 2023 Impact Player of the Year, a prominent leader in community service activities, a key player on her 19U Girls team, and a well-rounded student-athlete, taking on the role of Head Yearbook Editor and increasing her GPA each semester.

Jacob Faith - Windy City Storm Academy, IL
Always maintaining a respectful and professional mindset, Jacob is the Captain of his team, has earned himself a 4.08 weighted GPA with two Honors classes, and is a positive leader to the younger student-athletes.

Beau Trizzino - Atlanta, GA
Dependable, honest, and hard-working, Beau embodies the full definition of "student-athlete." He works hard to get better every day academically and athletically, he is focused on accomplishing his goals, and he is a servant-leader, always lending a hand to help and choosing to do the right thing every time.

Keira Shin - Phoenix, AZ
Overcoming an injury at the start of the year and working hard to maximize her development as she recovered off the ice, Keira's hard work paid off, as she helped lead her Kachinas 16U Tier I team to Nationals, a first in the organization's Tier I history. Her competitive spirit sets a tone of determination and tenacity both on the ice and in the gym.

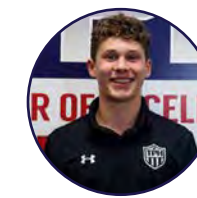

Taj Smude - Atlanta, GA
Taj is a kindhearted and bright student-athlete, never settling for mediocrity in the classroom or on the ice. Consistently striving to grow every day and asking questions to better understand his schoolwork or a certain drill on the ice, he has become known at TPH Academy Atlanta as a genuine, helpful, and inspiring leader amongst his peers.

Luka Vranic - London, ON
Sustaining an injury that took him off the ice, Luka set a brilliant example of perseverance, as he showed up eager and prepared to make the most of his virtual sessions during recovery, and used his usual ice time to help the coaches put together on-ice practice plans. His peers look up to him, as he offers a perfect example for the younger student-athletes of what it means to come to school each day, have fun, work extremely hard, and see amazing results.

Savannah Wolford - Acceleration Sports Academy, MN
Savannah, despite being one of the youngest student-athletes at the Academy, never slows down or hesitates to play hard on the ice, even when she is up against male student-athletes twice her size and speed. She makes a point to welcome and show around younger prospective female student-athletes so that they feel comfortable and confident during their visit, a testament to her kind heart.

Freddy Piasecki - St. Louis, MO
From day 1, Freddy has helped set the gold standard for TPH St. Louis student-athletes and is a massive part of the culture and environment that he helped create. From skipping breaks to work on academics so he can achieve a 4.0 to going out of his way to sit with a student-athlete who was alone at lunchtime, Freddy has been a natural leader at TPH St. Louis from the start.

Eshan Sanjay - Waterloo Region, ON
Despite being the youngest student-athlete at TPH Academy Waterloo Region, Eshan sets an example to others through his commitment to accepting challenges and working hard to overcome them. In just his fourth year of competitive hockey, he has emerged as the starting goalie for the Kitchener Jr. Rangers U14 AA team and was recently highlighted in a local newspaper for his dedication and passion for the sport.

THE TPH WAY

The TPH Way involves **quality coaching, meticulous preparation, and team building** that allows our players to come together, grow their individual games, and take on the look and feel of a team as quickly as possible. Along the way, parents can sit back, take in the sights, and watch as the individual and collective development process takes shape. We call this The TPH Way, developed from our team's decades of experience playing and coaching in youth, junior, and professional short-term events.

IMPACT PLAYER FOUNDATION

The TPH Impact Player Foundation is a nonprofit organization launched in 2023 to support TPH's core purpose of advancing the next generation of Impact Players - in and beyond the game - by providing scholarships and financial support to student-athletes who demonstrate leadership in athletics, academics, and community building, as well as funds for those in need of financial assistance. We award six different scholarships based on Academic Merit, Athletic Merit, Financial Need, and Sport and Community Leadership.

ACADEMIC MERIT

Scholarships are awarded to student-athletes who have shown outstanding commitment to their academics.

NATHAN BOWEN CAPTAIN'S SCHOLARSHIP

is awarded to student-athletes who have demonstrated leadership as captains of their sports teams. The award recognizes TPH's founder Nathan Bowen, who continues to lead in TPH's commitment to holistic development.

ATHLETIC MERIT

Scholarships are awarded to athletes who have excelled in their sport as a result of hard work, perseverance, & dedication.

GIRLS IN THE GAME SCHOLARSHIP

is awarded to female student-athletes who demonstrate a commitment to bettering themselves both in and beyond the game. This scholarship will assist in supporting and growing girls' sports, which is an initiative that TPH is deeply committed to.

FINANCIAL NEED

Scholarships are given to outstanding student-athletes who need financial assistance to attend a TPH Academy.

TK NATIONAL LEADERSHIP AWARD

is awarded to a student-athlete that is dedicated to their academic studies, exudes a tremendous amount of leadership both in their sport and in their community, and stands up for what is right.

TPH Academy St. Louis hosted their 1st Annual **Trivia Night Fundraiser** in April. The St. Louis community came together for an evening of fun and games to help raise support for TPH St. Louis student-athletes.

THANK YOU TO OUR GENEROUS DONORS
MAKE AN IMPACT TODAY - SCAN TO LEARN MORE AND DONATE

TPH Academy contributed over **\$750,000**

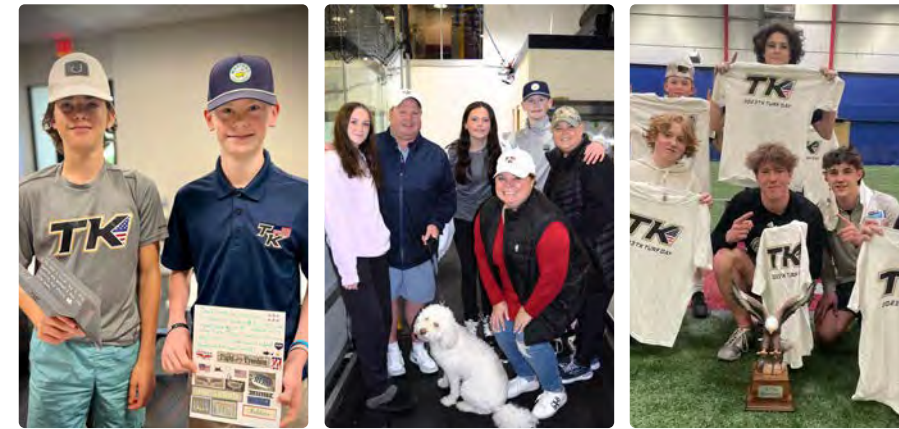

in scholarships and financial support to student-athletes.

TK DAY

Every spring, TPH Academy celebrates TK Day, to honor the life and legacy of MAJ Thomas "TK" Kennedy, who was tragically killed in the line of duty in Afghanistan on August 8th, 2012. Major Kennedy was a graduate of the United States Military Academy at West Point and a varsity defenseman on the Black Knight Ice Hockey team. He was a dedicated student-athlete, a cherished leader amongst his fellow soldiers, and an outspoken advocate for those who needed a helping hand.

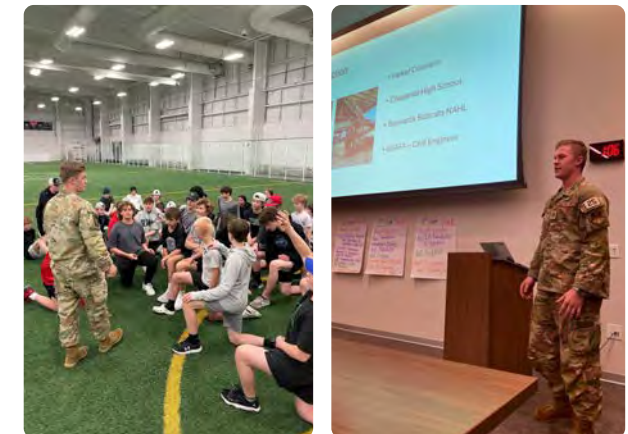

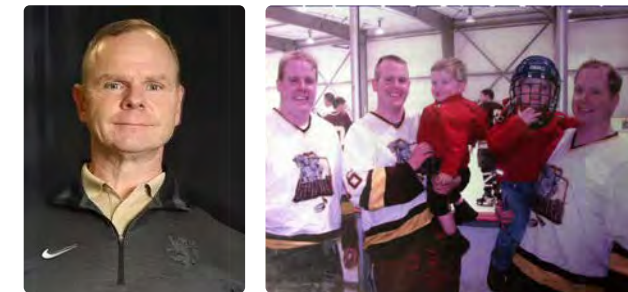

Across the U.S. and Canada, TPH Academy student-athletes completed community service projects for local veterans as an act of servant-leadership, something TK demonstrated throughout his life. Student-athletes also participated in athletic challenges on the turf, hiked in their local nature trails, and welcomed families on the ice for a 5K skate to honor TK as a community.

On May 1st, the TPH community gathered for a national virtual event celebrating the life and legacy of MAJ Thomas Kennedy. Joined by guest speakers John Kennedy and Col. John Nawoichyk, attendees had the honor of listening to stories of TK's heroic dedication to a life of servant-leadership and his compassionate character.

TPH Academy Denver student-athletes were honored to host Nine Colorado Warriors Hockey Club players on campus who compete throughout the U.S. against fellow veterans with service-connected disabilities, as well as guest speaker Austin Schwartz, Captain of the Air Force DI Men's Hockey team, former NAHL and Thunderbird Captain, in honor of Military Appreciation Month.

GIRLS IN THE GAME

On February 7th, we hosted a TPH-wide virtual event in celebration of **National Girls and Women in Sports Day**. We were honored to be joined by our esteemed guest speaker, TPH Detroit alumna, University of Wisconsin Women's Hockey player, and Team USA Women's Hockey forward **Kirsten Simms**, who reflected on her journey from TPH Academy to the collegiate and the international stage. Simms shared her experiences, challenges, and triumphs, providing invaluable advice for the student-athletes in attendance. Her story resonated deeply with the audience, leaving them motivated and ready to tackle their own athletic journeys.

KIRSTEN SIMMS

Reflecting on her time at TPH Academy, Kirsten shared:

“You're in a room every day with people who have the same goals as you and want to reach the same heights as you... Getting to be surrounded by people who have the same mindset and goals as you every single day and are putting in that work just like you are – it's super nice to have those people to lean on because it doesn't feel like you're doing it alone. They can push you harder, and you can push them.”

Kirsten Simms

TPH Academy Waterloo Region student-athletes caught up with Kirsten after her U.S. Women's National Team debut in December 2023.

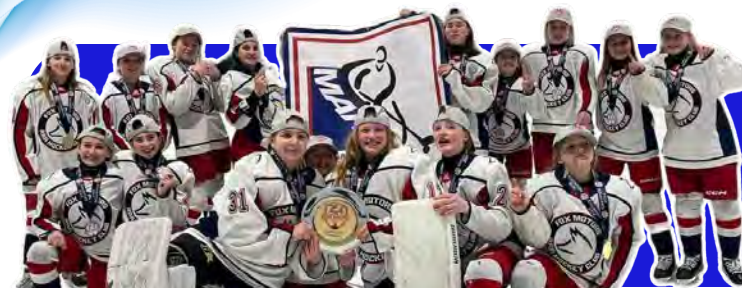

Congratulations to two of our TPH Academy Impact Players of the Year!

Marie Colpean of TPH Academy Grand Rapids & Keslie Mustacchio of TPH Academy Denver.

Marie Colpean (left) is known as an excellent mentor to younger student-athletes. Her teachers, coaches, classmates, and teammates recognize her energy on the ice and in the classroom, and she is recognized for her heart for others, commitment to her craft, and dedication in the classroom.

Keslie Mustacchio (right) showcases her hard work and perseverance on the ice, in the classroom, and in her everyday life. Keslie is a compassionate and responsible TPH Academy Denver community mentor, particularly amongst her fellow figure skater classmates.

TPH Academy Grand Rapids student-athletes **Brielle Blumengold, Marie Colpean, Ava Keller, and Addie Lefere** played significant roles in bringing home the title of Girls 12U Tier I MAHA State Champions.

TPH Academy Nashville's **Lexi Piluso** and **Maddie Marshall** of The Hamilton Harmonies placed 4th out of 13 teams at the Fall Classic in November.

Keira Shin of TPH Academy Phoenix helped her 16U AAA Kachinas team become the first Girls Tier I team to ever represent the Kachinas at USA Hockey Nationals.

TPH Academy Grand Rapids student-athlete **Ava Bardeggia** advanced from Tier II to Tier I.

TPH Atlanta's **Riley Michaud** was selected to attend the 14U Girls USA Hockey National Development Camp.

Julia Fisher of TPH Grand Rapids made the U14 Girls AAA National Camp.

TPH Waterloo Region's **Grace Gow** advanced to her U22 Elite team.

Bryn Tully of TPH Academy Phoenix passed her Pre Bronze Test, earned second place in her Technical Program, and took home 3rd place for her Dramatic Program.

Zoey Pupillo of TPH Academy St. Louis wrapped up her 23-24 year, advancing to the AAA Lady Blues.

Marlie Kubaliak of TPH Academy Huntsville was selected to attend the USA Hockey Girls National 15 Camp and won a National Champion with her 16U Tier II 1A Girls Jr. Preds team.

TPH Academy Atlanta's **Oriana Weidman** and **Gabrielle Dowdle** were named Girls 16U National Champions with the Nashville Girls Jr. Predators.

As a student-athlete at TPH Academy Waterloo Region, I can confidently say that my experience during my first year has been amazing! I have been able to implement on-ice drills into game situations, helping me in my first season of Junior Hockey. I am grateful for the opportunities afforded to me here at TPH, and I look forward to furthering my development and education.

Avery Randall, TPH Waterloo Region

COMMUNITY

GIVING BACK IS A CORE COMPONENT OF TPH'S HOLISTIC APPROACH TO ACADEMIC AND ATHLETIC DEVELOPMENT. EACH ACADEMY GIVES BACK LOCALLY IN A WAY THAT IS IMPACTFUL TO THEIR INDIVIDUAL COMMUNITIES.

21,000

POUNDS OF FOOD COLLECTED & DONATED

2,000

HOURS WERE SPENT VOLUNTEERING

\$20,000

GIVEN BACK TO OUR LOCAL COMMUNITIES

2023-2024 SERVICE PROJECTS INCLUDED: COMMUNITY CLEAN-UPS, FOOD DRIVES, WRITING CARDS FOR VETERANS, SCHOOL SUPPLIES DRIVES, ASSISTED LIVING HOME VISITS, AND MUCH MORE.

ILY DAVIS, GRADE 6, TPH ACADEMY NASHVILLE

Ily Davis of TPH Academy Nashville showed exceptional leadership and compassion by organizing a dog food donation drive to support Critters Calvary Rescue. With the support of Lisa Mannion, TPH Nashville Head of Academics, Ily inspired her peers to join her cause.

"It could take a page or two to just write about the wonderful spirit that Ily Davis has shared with Critter Cavalry Rescue in her food drive for us. [Ily] has a passion for dogs and for helping our rescue to supply much-needed food to support our foster program. Her quiet love and passion to do good in this world is so apparent whenever you meet her. She has been coming to our aid for so many years and has proudly brought bag after bag of food through her campaigns to raise awareness that rescues need help to feed the homeless animals. What an inspiration to both her peer group of friends and also to the adults that meet her..."

Candace Giles, Co-Founder Critter Cavalry Rescue

TPH ACADEMY DETROIT

Student-athletes and coaches volunteered at Focus: HOPE to box over 450 boxes of food support. Focus: HOPE helps serve over 43,000 seniors in the Detroit area.

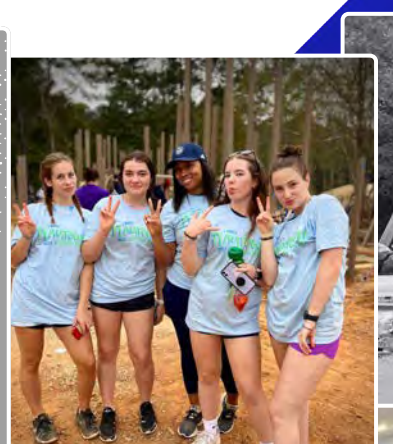

TPH ACADEMY GRAND RAPIDS

Student-athletes, coaches, and families raised over \$4,500 for their communities through food drives, volunteer hours, and their annual Hockey Fights Cancer Fundraiser.

TPH ACADEMY DENVER

Student-athletes and coaches raised over \$5,500 for their community through their annual Angel Tree event.

COACH F.A.'S MENTORSHIP PROGRAM

Francis Anzalone is the Chief Operating Officer for TPH, a hockey coach at heart, and a mentor to student-athletes. He has spent over fifteen years supporting hockey teams at the youth, Junior 'A', and international levels, serving in various coaching, scouting, and player development roles. Since joining TPH in 2017, Francis has channeled his passion for helping athletes maximize their potential by building and delivering the curriculum for what has come to be known as Coach F.A.'s Mentorship Program.

Coach F.A.'s Mentorship Program is a two-track, sport-general, athlete-specific web-based leadership program designed specifically for TPH Academy student-athletes. The program, which includes live and on-demand lessons, takes student-athletes on a journey to assist them in gaining the tools necessary for achieving success in sport, school, and life.

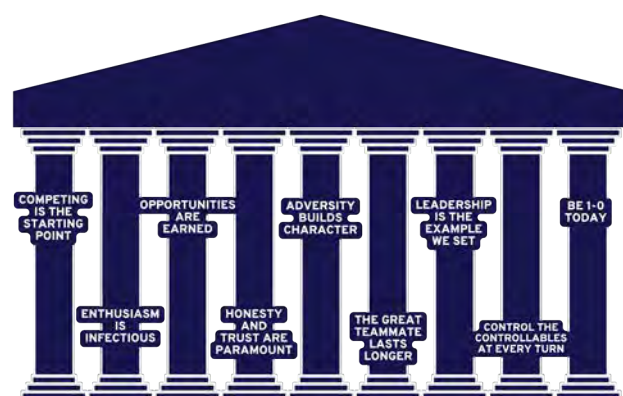

Built from what has become known in all TPH Academies as The 9 Pillars, the Foundational Track of Coach F.A.'s Mentorship Program features nine module-style on-demand video lessons and a course workbook that provides student-athletes opportunities for introspection. TPH Academy student-athletes complete each lesson as one cohort, with on-site team members facilitating group discussions following each lesson.

The more advanced Mindset and Mental Performance Track explores topics in Sport and Performance Psychology that empower the most dedicated, driven athletes to use their most powerful asset: their minds! With lessons rooted in topics such as self-awareness, goal-setting, visualization, imagery, and conscious breathing, program participants enjoy four comprehensive, live Zoom-based virtual interactions with Coach F.A. throughout the Academy year. The Mindset and Mental Performance Track incorporates video, live polls, and student-athlete engagement and participation opportunities throughout each lesson.

In 2023-2024, TPH introduced Coach F.A.'s Mentorship Program to the Ontario Hockey League's Kitchener Rangers. TPH, the official academic provider of the Rangers, made Coach F.A. available to Rangers players both live and on-demand, with all players participating in the Mindset and Mental Performance Track.

THE 9 CORE PRINCIPLES FOR THE ASPIRING-ELITE STUDENT-ATHLETE

- Currently with the USHL Waterloo Blackhawks
- Committed to NCAA D1 Minnesota State

Reid Morich
TPH Academy
Phoenix Alumnus

"Coach F.A.'s Mentorship Program gave me very helpful advice to assess, adapt to, and respond to any situation. The program taught me one of the most important things: how to create, pursue, and maintain my personal brand. Another important aspect it taught me was how to view coaches, GMs, teammates, etc. The ideas we were taught have helped me through major and minor decisions and inconveniences throughout my two years with TPH Academy."

COACH F.A.'S MENTORSHIP PROGRAM AT A GLANCE:

- Two tracks
- 13 in-depth live and on-demand lessons
- 13 hours of cross engagement
- 850+ student-athletes reached
- Accompanying course workbook
- Follow-up group discussions and activities

HEROIC MINDS

At TPH Academy Denver, Stanley Cup Champion and Colorado Avalanche Captain, Gabriel Landeskog, brought to us by Heroic Minds, joined our teammates to answer questions from student-athletes and mentored them as playoff season quickly approaches!

Our students' biggest takeaway was, "It's not what's wrong with you, but what is wrong with what you're doing." Gabe also spoke about his path back from injury and being a young leader in the NHL!

THANK YOU, Gabe Landeskog, Ben Fanelli Heroic Minds, Chief Vision Officer, and the entire team at TPH Denver for making this happen for our student-athletes!

Ben Fanelli BA. MA. Registered Psychotherapist

Ben spent 5 life-changing years with the Kitchener Rangers of the Ontario Hockey League venturing through a traumatic brain injury, leadership roles on and off the ice, and attending training camp with the NHL's New York Rangers.

BEN'S HEROIC MINDS

As part of TPH's partnership with Heroic Minds, Academy attendees experienced a live presentation from Ben, received base-level access to the Heroic Minds app, and were given a direct line to Ben for support and guidance in counseling, mentorship, and crisis support.

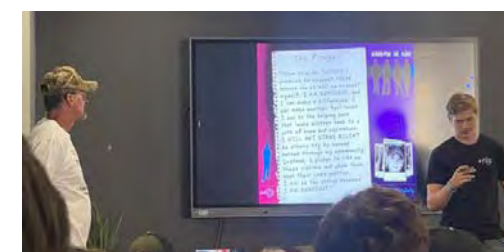

HEALTH AND SAFETY

One of the key Core Values for TPH is "We are all in the TPH Department of Student-Athlete Safety".

During 2023-2024, TPH reiterated its core value that the well-being of every student-athlete is crucial for their success. To enhance awareness of bullying risks, all Academy and Association management employees must undergo formal training on identifying and addressing bullying incidents.

STAND FOR THE SILENT

A program educating students about the risks of bullying and teen suicide.

Acknowledging the increasing prevalence of cyberbullying as a concern for teenagers, many TPH Academy Campuses invited law enforcement experts specializing in cybercrime to educate student-athletes on internet and social media safety.

STUDENT-LED MENTORSHIP

TPH Academy Big Brothers-Big Sisters program

At TPH Academy, we believe in the importance of acceptance and teach our student-athletes to live by what we call the Modified Platinum Rule: treating others in a way that makes them feel like welcomed members of the TPH Family.

Central to this is the TPH Academy student-led Big Brothers-Big Sisters program. With this initiative, upperclassmen are paired with underclassmen to build relationships, create connectivity, and promote well-modeled behaviors. The Big Brothers-Big Sisters program features formal, structured interactions between peers as well as organized group activities.

TPH VIRTUAL ACADEMY

BUILT FOR DRIVEN ATHLETES, ARTISTS, AND PERFORMERS

TPH VIRTUAL ACADEMY IS FLEXIBLE, CUSTOMIZABLE, AND DEVELOPED FOR THE ASPIRING ELITE ATHLETE OF TODAY.

Balancing sport, school, and life can be a challenge for the aspiring-elite student-athlete of today. This is why we are proud to offer **TPH Virtual Academy**, a 100% online, **accredited** learning experience delivered in a completely **individualized** and **customized** learning format with the aspiring elite student-athlete front of mind.

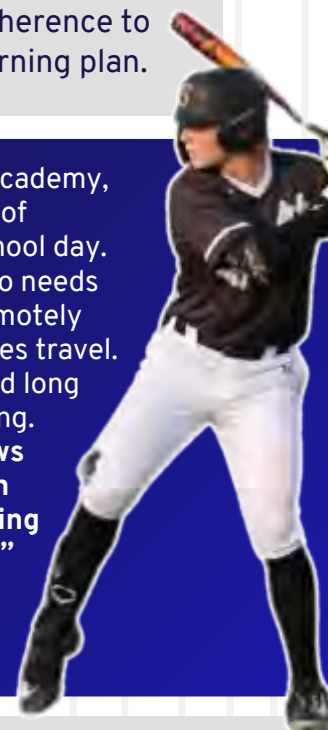

- ✓ University Pathway Support
- ✓ Certified education through TPH's trusted academic partners
- ✓ NCAA Accredited and Ontario Certified Courseware
- ✓ Dedicated, Accessible, TPH-Focused Virtual Instructors
- ✓ Access to a Comprehensive Course Catalog with Over 150 Core, AP, Honors, Foreign Languages, & Elective Courses

ACHIEVE BALANCE MAXIMIZE PERFORMANCE

Student-athletes have 24/7 access from any device, guided by a TPH Academic Team Member who personalizes a learning plan to fit the student-athletes' style and sport commitments. Our academic leads monitor each student-athlete's performance in real time and maintain regular communication, ensuring accountability and adherence to the individual's customized learning plan.

"When we first heard about TPH academy, we were intrigued by the concept of incorporating training into the school day. Matt is a very focused student who needs the flexibility to work ahead or remotely when his baseball schedule requires travel. The traditional school day required long hours of training during the evening. **TPH provides a format that allows Matt to blend his school day with his athletic training without having to sacrifice the quality of either.**"

Rhonda Meeker, Parent of Matt
TPH Virtual Academy Student-Athlete

EDGE Sports Global TPH Virtual Academy is the **Official Academic Partner** of **Edge Sports Global**, their partners, organizations, and families.

TPH ACADEMY PHILADELPHIA

WEST CHESTER, PA | HOME OF METHOD ICE HOCKEY

TPH acquired Method Hockey in November of 2023, a leading hockey development program in the Philadelphia, PA area, launching TPH Academy Philadelphia. As part of TPH's newly formed TPH Philly campus, housed at Ice Line Quad Rinks in West Chester, PA, the partnership brings together the expertise and resources of both organizations to provide an enhanced development experience for local hockey players.

Together, TPH Philadelphia and Method Hockey will provide comprehensive development programs for aspiring elite hockey players through the Academy, On-Ice Clinics, Progression Programs, Individualized On and Off Ice Training, Day Camps, 3 VS 3 Series, and Prospect Teams.

THE ST. JAMES PERFORMANCE ACADEMY POWERED BY TPH

SPRINGFIELD, VA | HOME OF THE ST. JAMES

**DR. TERE
HERNANDEZ-ACOSTA**
DIRECTOR

The St. James Performance Academy Powered by TPH is housed at The St. James Flagship, a world-renowned, 450,000-square-foot sports complex in Springfield, VA. Student-athletes of The St. James Performance Academy will have access to the flagship's Olympic-sized pool, FIFA-sized indoor turf field, two NHL-sized hockey rinks, basketball courts, batting cages, squash courts, and golf simulators. The St. James is also home to an indoor water park, gymnastics center, climbing and bouldering spaces, a 50,000-square-foot health club, a recovery suite, a restaurant, and more.

Together, TPH and The St. James will supercharge student-athlete development by providing a holistic and tailored academic experience alongside sport-specific training and world-class instruction. The St. James Performance Academy Powered by TPH accommodates student-athletes from a wide array of sports, including ice hockey, soccer, baseball, softball, football, squash, figure skating, basketball, and volleyball.

TPHACADEMY.COM/POWERED-BY-TPH/ST-JAMES

NEW FOR 2024-2025

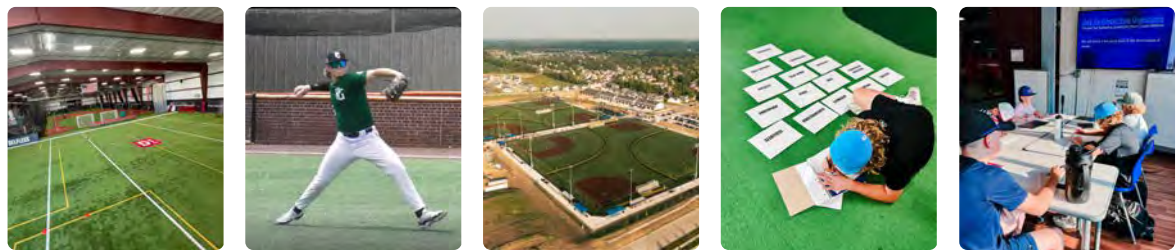

TPH ACADEMY DES MOINES

WAUKEE, IOWA

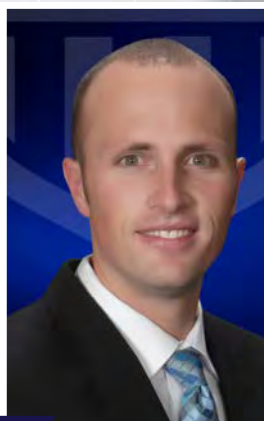

TPH Academy Des Moines will be housed at the state-of-the-art facilities at Sportsplex West in Waukee, Iowa. The Campus will feature multiple courts, fields, and turf setups, a sports performance training center, and a dedicated TPH Academy classroom space.

Overseen by teacher, author, and three-time Iowa State High School Baseball Championship-Winning Coach Justin Dehmer, the new space will feature an indoor training complex for athletes of any sport. It will host various player programming across all sports, driven by local sport directors.

TPH Des Moines welcomes student-athletes looking to advance their game in baseball, softball, basketball, volleyball, football, and overall sports performance.

TPHACADEMY.COM/DES-MOINES

JUSTIN DEHMER
DIRECTOR AND HEAD
OF ACADEMICS

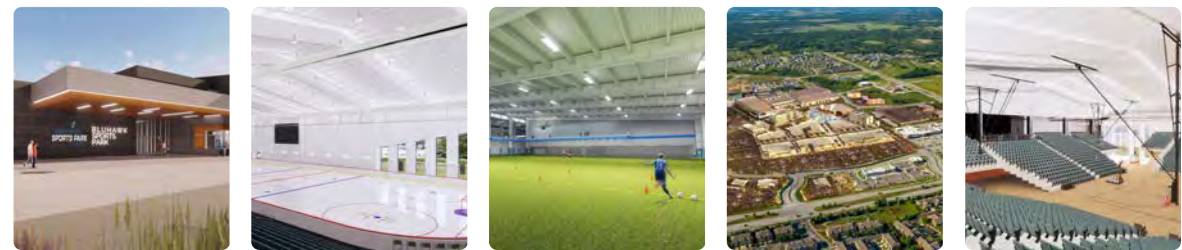

NEW FOR 2024-2025

TPH ACADEMY KANSAS CITY

OVERLAND PARK, KANSAS

Partnering with AdventHealth Sports Park at Bluhawk in Overland Park, Kan., TPH Academy Kansas City will be housed in Bluhawk Development's all-new, state-of-the-art, 420,000-square-foot sports facility. Open to grades 6-12, TPH KC will offer its Study-Train-Play program to student-athletes of every athletic interest. From Ice Hockey, Volleyball, Soccer, and Diamond Sports, to E-Sports, Pickleball, Golf, Equestrian, Water Polo, and more, the AdventHealth Sports Park at Bluhawk will have a training space to accommodate any student-athlete looking to level up their game.

The TPH Academy Kansas City campus will include an NHL-sized ice rink, 8 basketball courts (convertible to 16 volleyball/pickleball courts), a 40,000-square-foot turf field, locker rooms, a training area, café, a sports medicine center, and more.

TPHACADEMY.COM/KANSAS-CITY

CHRISTY RUTHERFORD

OF ACADEMICS

RELM SPORTS ACADEMY POWERED BY TPH

KINGSTON, ONTARIO | HOME OF RELM SPORTS

RELM Sports Academy - Powered by TPH is the ultimate destination for student-athletes pursuing a strong and enriched education while excelling across a wide array of sports, emphasizing hockey, baseball, softball, and golf. With state-of-the-art facilities, including dedicated baseball and softball training areas, golf simulators, and a newly installed skating treadmill, student-athletes will enjoy an unparalleled environment to hone their skills and push their boundaries. The RELM Sports Academy campus also includes a dedicated classroom space, a fitness area for sports performance strength and conditioning, and a kitchen space- adding a touch of convenience and comfort for student-athletes to ensure they have everything they need to stay fueled.

Next door at the INVISTA Centre Arena, RELM Sports Academy hockey and figure skating student-athletes will have access to professional-grade facilities with four NHL-sized ice sheets, a mini rink, a pro shop, and locker rooms- providing a university campus feel.

BOSTON HOCKEY ACADEMY POWERED BY TPH

TEWKSBURY, MA | HOME OF BOSTON HOCKEY ACADEMY

Boston Hockey Academy Powered by TPH welcomes student-athletes from any club or organization. The Academy is housed at BHA's long-time home, Breakaway Ice Center, just north of Boston, MA. The space is equipped with everything an aspiring elite hockey player could need, including pro-style locker rooms, a player's lounge, custom-branded video review rooms, and a strength and conditioning space exclusive to BHA student-athletes ready to supercharge their development.

The Boston Hockey Academy campus also features a 20,000-square-foot dormitory where student-athletes have access to two player lounges, a player-exclusive kitchen, a dining area, a study area, a synthetic ice shooting area, a full-time dorm staff, laundry, and a gym. Located in the heart of college hockey, BHA has programs representing several major Division 1 conferences. Additionally, Greater Boston is home to more NHL scouts than any other area in North America.
